PERFECTO SAYS HE WILL NOT STAND FOR ANY BLUFFS

Saloons Must Positively Close on Sunday.

"BACK DOORS LOCKED AND LIGHTS OUT" IS THE DECREE

It is evidently the desire of Judge Abbott, of the district court and the intention of the sheriff of Bernalillo county to see that the law compelling saloons and gambling places to close on Sunday is strictly enforced. Sher-iff Armijo called at the Journal office yesterday and vouchsafed the informa-tion that on the coming Sunday each and every saloon in the city is to be hermetically sealed, fore and aft top and bottom and that front and back doors and windows must be lacked and lights out or there will be something doing. According to Mr. Armlio there is to be no half way business about it. but the lid's to be hammered on tight from midnight Saturday night unti-midnight Sanday night. "That's all midnight Sanday night. "That's all, said Mr. Armijo when asked by the Journal for further particulars regarding his action, "There's no more to it. My orders are to enforce the law. I'm going to enforce it and shut every saloon on Sunday. If anyone tries to get around the proposition be will be promptly arrested and pay the penalty provided by liw. Siv it anyway you want to, but you can't say it any better than just to announce for me that the saloons are going to be

The saloonkeepers have seen the shadow of coming events, and for the past two weeks or so have pulled down their front curtains and locked the front doors, but it is feared that in-gress through the rear entrances has not been at all difficult. The present regime, however, has disvayed a firm determination not to stand for any bluffs and so the saloons are to be clos-ed. This proceeding, of course, is not as heartly welcomed by some of the profession as it should be, but if all are closed it will not take long for the proprietors to resign themselves to the inevitable.

The law covering the case is as 'o'-

"Any person or persons who shill be found on the first day of the week, called Sunday, engaged in any sports, or in horse racing, cock fighting, or in any other manner disturbing any sorshipping assembly or private family or attending any public meeting or public exhibition excepting for religi-ous worship or instruction or engag-ing in any labor except works of necessity, charity or mercy, shall be punished by a fine not exceeding \$15, nor less than \$5 or by imprisonment in the county jail of not more than 15 days or less than 5 days, in the dis-cretion of the court upon conviction in any district court.

It is further provided that all fines collected under this law shall be turned into the school fund. The law makes some exceptions as in the case of waiters and cooks in hoters and far-mers who must irrigate on Sunday or going to waste or otherwise being de-

The chorus is big and strong and well drilled, and if the stars are not blessed with unusually fine voices, they are at with unusually fine voices, they are at least well dressed and willing to be supported by the very good ensemble singing.
